

Scottoil: Dual Injector VFR800i Adapter Kit

Installation Guide for using SA-0092

Fitting Instructions for VFR750 & 800i are in the Dual Injector General Fitting Instructions booklet supplied in the kit.

This guide merely supplements the General Instructions.

See our Non-Standard Fittings Guide to check which models require this adapter kit.

Finally, have you tried our **FS365 anti corrosion spray**? It's a surfactant corrosion inhibitor that can be easily sprayed all over your bike to protect it from corrosion, all year round.

Its great at getting into all the nooks and crannies protecting your bike from rust and road salt, summer and winter & polishing up to a nice shine.

If you have any further comments or queries, and are unable to resolve them using our website, please do not hesitate to call technical on 0141 955 1100 or email technical@scottoiler.com for assistance. Thank you.
